To whom it may Concern,

During the school summer break 2011, 1st Site took on a project to relocate our school office to the front of the building. Several meetings took place with Neil from 1st Site who co-ordinated the project and he and the rest of the team showed a great deal of pride in their work. We were kept very well informed and ideas were given to us during the planning stage that were going to make the new office fit in with the needs of the school.

Timekeeping and workmanship during the project was faultless and everything went to plan. The new office is an enhancement to school and we would have no hesitation in recommending 1st Site Ltd

Yours sincerely,

Caroline Logan
