Testimonial for 1st Site Group

We are taking this opportunity to write to you directly to express our sincere thanks for the wide range of building works which you have completed over the last three years at Stuart Bathurst Catholic High School.

The standard and quality of the workmanship has been first class. The professional standards shown by your team has mirrored good practice in all aspects. Your ability to listen and advise us on the myriad of Health and Safety and Disability Access issues has been invaluable.

We are proud to be associated with 1st Site Group as it has demonstrated a clear track record of superb customer care and service at all times. We have been particularly impressed by the way in which you have responded to our flood crisis and were able to provide us with "no nonsense, cost effective solutions".

We, at Stuart Bathurst, now boast a beautifully re-furbished Chapel, pupil and staff toilets of a high standard and a Science Block that no longer leaks!

The refurbishment carried out to our Maths and 6th Form Block has helped to improve facilities for all. Students and staff are now able to enjoy the benefits of a more fit for purpose for 21st Century learning environment with no loss of learning time whilst the work was completed.

With sincere thanks
